

JASON DI TULLIO FOUNDATION

We are excited to introduce you to the inaugural event of the
Jason Di Tullio Foundation - 1st Annual ALL in Lucky 7 Fundraiser.

It is with immense pride that we extend this invitation to you, as we embark on a mission to commemorate the legacy of a remarkable individual, Jason Di Tullio, and fulfill the two principal objectives of our foundation.

1ST OBJECTIVE: ADVANCING BRAIN CANCER RESEARCH

Brain cancer, particularly glioblastoma, remains one of the most aggressive and underfunded forms of cancer. Glioblastoma accounts for nearly 50% of malignant brain tumors and presents an alarming average survival rate of only 14 months. Jason Di Tullio's passionate ambition was to overcome these dire statistics, becoming an ambassador for brain cancer awareness and research. Although he, like many others, succumbed to this devastating disease, we aspire to carry forth his legacy as ambassadors of hope and catalysts for change.

2ND OBJECTIVE: FOSTERING YOUTH DEVELOPMENT THROUGH SOCCER

Jason Di Tullio's lifelong passion was soccer, and he understood the pivotal role of early development in nurturing aspiring young talent. He firmly believed that success on the soccer field was intricately linked to personal growth, values, and a relentless work ethic. From his early days as a young player to his professional career, and later as a coach at both the youth and professional levels, Jason embodied the spirit of "**La Grinta**".

"**La Grinta**" was more than just a phrase for Jason; it was a way of life. It symbolized intensity, passion, determination, and a competitive mindset. He instilled these qualities in his players, both on and off the field. His philosophy was rooted in accountability, teamwork, and the pursuit of excellence in all aspects of life.

Our foundation is committed to honoring Jason Di Tullio's legacy by fostering youth soccer development in various ways. We believe in supporting young athletes on their journey towards excellence, not just as soccer players but also as individuals who embody strong values and unwavering dedication. To achieve this, we strive to contribute to the growth of youth soccer by enhancing soccer facilities and fields, and by covering the costs of registration fees as needed. Additionally, we will be creating the Jason Di Tullio Athletic Scholarship to provide further opportunities for aspiring athletes. We believe in creating an environment that encourages young athletes to embrace the spirit of "**La Grinta**" in all aspects of their lives.

LA GRINTA

Jason always believed that it was more than just being a great soccer player, it was also about being a good person, with deep rooted values and the will to put it all on the line. As his professional career took off, he instilled in his players his view of **LA GRINTA** and what that meant to him. In his own words:

LA GRINTA is an emotion & a lifestyle that can be explained with one 7-word phrase: How bad do you really want it? Once you can answer this question from deep down in your gut, only then can you execute the process, be prepared to deal with adversity while falling in love with the everyday grind towards becoming a gritty CHAMPION.

For Jason, **LA GRINTA** was more than a word, it was a way of life, the way he lived his life and what he wanted his players to live by on and off the field. Do everything with intensity, passion, determination and a competitiveness mindset. Be the best physically, tactically, and never give up. It starts with training, accountability, being a good teammate...with that warrior mentality... and always remember pressure is a privilege, it teaches us great lessons.

"Talent alone doesn't get you to the next level. We know a lot of players, it's not about the talent, it's about what you have in your stomach and what you have in your heart"
